

Here's a fun relay game for the Halloween season. It super easy and should bring a lot of laughs to your group!

STOLEN PUMPKIN RELAY

Supplies:

You'll need a pumpkin and a bed sheet for each team. You'll also need a big area outside or a room big enough to have the team race across.

Teams:

Make even teams from the entire group (make 4 teams of 4 at minimum, if possible). Divide each team in half. Have half the team members stand at the starting line and the remaining half at the other end of the relay area.

Instructions:

Give the first player on each team a pumpkin and a sheet. On the signal "ready, set, boo!" the first person on each team must place the sheet over himself or herself like a ghost and run with the pumpkin to the first runner on his or her team at the other end of the area – "like they stole it". The runner must take the pumpkin, put on the sheet and return to the waiting runner at the starting line. Repeat process until all team members have stolen the pumpkin.

For fun require all team members to yell "boo!" as the run with the pumpkin.

Snack:

Serve pumpkin pie with whipping cream for a snack.
